Every case presented is of their own experience applied by themselves for themselves and it applies to their case only. Every person experiencing health problems should seek professional medical advice and consult their course of treatment with a doctor. The processes of plasma balancing described herein are a natural process that supports the body but does not replace medical advice or therapies one is already subject to.

Introduction: How Our Soul Becomes a Star (KSW 429)

Knowledge Seeker

In the Health Teaching, you said that the Soul of the Man leaves the body at the exact moment that she wants to go. This moment, I didn't understand what you say about it? You said in the teaching, that is beyond your imagination.

Mr. Keshe

You see...

Knowledge Seeker

If you can say about it. Thank you very much.

Mr. Keshe

Yes. Go back to the matter state. Maybe you understand better. In the matter state, the strength of the fields of a magnet dictates its position. When

you put two magnets next to each other, they create a distance gap, what we call Magrav magnetic gravitational field position.

Mr. Keshe

If you put a winding around one of the magnets, can do it if you understand how to do it, and increase the flow of the fields in one of the magnets, you will see maybe the other magnets come slightly closer or move further.

Mr. Keshe

And you can reach for a position by creating these kinds of magnetic fields which is done for some military purposes, some industrial purposes, that the other magnet literally shoots up. Without doing anything to it.

Mr. Keshe

It becomes a trajectory. We see it in slaughterhouses in a different shape like a bullet, but is releasing and attracting.

Mr. Keshe

Now, your Soul of Physicality becomes that winding and your Soul becomes the other magnet. But in this case, the Soul of Physicality has given its energy to the Soul. So, now the Soul is energized, and when the point comes, that this Soul of the Man's energy surpasses the blood flow cage, it takes off and in taking off, what happens? The physicality stays behind but the Soul has gone. Point of death.

Why most of us die at the old age? If you can keep the circulation of the blood and the energy levels of your body, at the strength that does not come low, that controlling the cage of the

field of the Soul, you do not die, you can extend your life.

The minute the Soul of the Man receives more energy as part of the information emotion or whatever else, and the cage becomes rusty and weak, the Soul has nothing to hold it, it becomes the point of death.

Mr. Keshe

So, our aging is by circulating less blood, feeding the Soul more from the Soul of the Physicality in dimension of emotion and whatever energy, it becomes more powerful and it jumps, it creates that, it becomes that bullet to a new position, breaks through the weak cage which is rusty, which is the old age of the Man, the blood cannot hold, the circulation not that strong. Then you die because the Soul is gone, physicality stays behind. It's escapism for the Soul of the Man. We escape

from it, we become good in doing it,
and in that process, we interact, we
increase, we

Mr. Keshe

add to it by expansion of strength and
that's how the death comes.

Physical separation of the Soul of the
Man from Soul of Physicality. But you
got to understand, the minute this
process starts, which the Soul of the
Physicality becomes slowly aware, that
is losing control to the Soul of the Man,
it transfers most of the energies which
are within it, within the Soul of the
Man, within the Soul of physicality of
the Man and the physical energy of the
body of the Man, to the Soul of the
Man. So it suddenly receives a rapid
field energy because it's aware the
blood flow is weak and then the Soul
departs, it becomes that bullet. But that
bullet, through its interaction and field

strength, has already destined for a position for it to find its balance. And then in that position, it becomes, because it has no physical structure, so physicality with it partially, it becomes a star.

Mr. Keshe

And that star starts a new life, as in a galaxy in Universe, as a dust in the world of the Creation. In a way, you created a Soul shooting star. And you have to see if it has enough, at the point of arrival, that it becomes the source, it becomes the beginning of the new cycle for the Soul. The whole purpose of Creation is to create new essence of Creation which is another star which is the Soul of the Man but not within the physicality of the Man, but in another dimension. And doesn't matter how long you keep this together. You can always play it once against the other or

one within the other that you live everlasting life of the Creator. I Made Man the Image of Myself because I become the Man that within it, having connection with me, I keep total integrity and Totality of integral fields of what I started with, so I don't lose it, and this is the secret of Creation. It's the secret of life in the dimension of the existence. As the Arab says: “Astaghfirullah”.

Mr. Keshe

This is it. This is the final, as we understand the beauty of the Creator. All the beauties are here and there is no more. It's you have to understand how beautiful it is. Has all the beauties “Astaghfirullah,” which is the kindness, the love of Creator is always given. It's us who have to understand.

*End of Introduction: How Our Soul
Becomes a Star*

Rick Crammond 12:24

Hello everyone and welcome to the 475th Knowledge Seekers Workshop here on Thursday, March 2, 2023. This is a broadcast of the Keshe Foundation Spaceship Institute Education department and part of the public teachings in English. My name is Rick Crammond. And I'll be host once again in these weekly Knowledge Seekers Workshops. And once again we have the pleasure of the company of Mr. Mehran Keshe, to guide us through today's program. And I think he's ready to begin today's workshop. Hello, Mr. Keshe.

Mr. Keshe 13:10

Hello, Good morning, Good day to you as usual. Wherever and whenever you

listen to this series of Knowledge Seekers on the Keshe Foundation Spaceship Institute. As we are sharing knowledge, we gain more knowledge and more confidence to understand the process of Creation, and how we are created and how we survive, and how we choose to survive. And how our Soul decides the position of life on Earth in the shape of the body of the man, on another position in the shape of ?? And aliens or man cannot ever imagine exist, or as a speck of dust, or atom of water. Going through the teaching of past few weeks, as we start speaking about Cosmic rays, we have opened new doors in the knowledge of man. And in that process, in the past two or three weeks, especially bringing into play the carbon 14. A lot of you are wondering, baffled, want to know, try different things and in a way, trying to connect the dots to see where the

shape of the body of the man as essence of physicality and the Soul, comes, and how it is and the way it is. Last week, we spoke about the carbon 14. And how this little chap plays a vital role in the life of the man. And in that process, what it can and it does and how it works. Today, I will unravel to you the secret of the life, conversion of the energy of the Cosmos, into an energy of man, into the structure of the man and how man unknowingly, makes connection with this and taps into the universal energy without knowing. And our scientists are human ?? scientists, never understood this. Unraveling the connection between the carbon 14 and carbon 12. And what we talked about the structure of the calcium in the body of the man with the eye, is the cornerstone of life of the men on this planet.

Man would not exist, animals will not exist, minerals would not exist, if mankind does not understand the seeding center of every life. On Earth, due to its gravitational magnetic hold, the seeding site is calcium. Without it, there is no structure. Even the animal which has no skeleton. Even a plant which has nothing to grow, but as a smallest leaf, a smallest green dot you see on the ground. Last week, I explained in a very simple way, how carbon 14 comes in from Cosmos as a field and then in the body of the man, converted into carbon 12. And then it leaves the body of the man in different shapes and forms and energies, again as carbon 14.

This carbon 14 entry and exit are not the same. Have the different strength, different information energies, which they lost some of it here, but they gain

something else from the body of the man conversion of the blood system. So what your blood did, bring in the blood circulation around, delivers what it doesn't need, and calcium 14 leaving, carries it out with it, piggyback job. But the biggest point which the world of science of the man have not understood up today. For the first time, I open this door, even why you drink water. Why your life is connected to water. Water is not something to drink as a thirst, water is the connection conversion of the carbon 14 to carbon 12, for energy difference, for life of the man.

Mr. Keshe 18:36

You have H₂O, 16. Needs to lose two energy atomic structure to become 14. Behaving like a carbon, that allows the universal energy to be absorbed by the man's body. Water is not just a thirst. Water is the essence of the conversion

of the fields of the Universe, through the body of the man. That's why your body contains it. But cannot do it, it converts it, is there to do. Is there for it to convert it because of the vacuum condition of the body of the man, allows the conversion. But how do you plant it? How do you deliver it? The secret sits in that calcium. Calcium has a spectrum from around about 30-32 energetic wise, to around about 60. And above.

Mr. Keshe 19:50

You have, in the simple language, carbon 12 and carbon 14. Three times carbon 12 is 36. Three times carbon 14 is 42. Conversion of calcium in the body of the man, comes from this. Absorption of the carbon 14 energy to 12 comes from this, but man has missed the biggest secret in his life, in understanding. Go back on the

teachings. Many times in the medical teachings, many times, we refer to, there is not a single cell in the body of the man, which does not contain calcium. Why? Now you understand. The way your body, your brain, took direct hit from the Cosmic ray 14, absorbed and released whatever it didn't need. Every cell of the man absorbs Cosmic rays directly from conversion of the calcium in the seed.

The seed calcium in every cell of the man is his soul, is its structure of the absorption of it. Without it the cell does not exist because it cannot receive the carbon 14 conversion. So it dies. So it dissolves, it releases energy. This is how the cell of the body of the man, every 28 days in one place and every 10 years or four years, changes in another part of the body of the man. If the world of science understands this, if

the science of the man understands the conversion point from the Cosmic rays into what we call, energy connection, then man understands he has found the key to everlasting life. Don't forget, body of the man is Mr. COHN. Lives by communication between carbon 14 and carbon 12, by the link to the Universe and the body of the Man.

Now you understand what I keep on telling you, 80% of your energy comes from the Universe, not by the food you eat. Every cell in your body is not waiting for the energy to come from the food, 20% for dimension of physicality of it to confirm. Yes, the rest of it through the seed of the calcium, receiving the Cosmic rays and in the conversion of H_2O , to a carbon 14 conversion to 12 to release this energy to exist, man exists on this planet. I take the calcium from the seed of

yourself, you don't exist. This is why so many of you die with chemotherapy. Because the chemotherapy is very simple, your bone has holes, which goes into and becomes bone marrow. Chemotherapy increases the size of the lymph and blocks the hole. So, there is no calcium to be picked up to deliver to start another cycle. Then, in what strength of which calcium, you release from which hole into the bone marrow, dictates the term of your life. A cell for a heart. A cell for brain. A cell for anything else.

Now, man understand that the Cosmic rays in the carbon 14, coming on the back of the hydrogen into the center body calcium of the man, releases at carbon 12 energy, energy absorbed by the calcium released to the cell of the man and man needs the other connection to deliver instantaneously,

you have H₂O. Again delivering carbon 14, if the Cosmic rays are blocked by the system. This is why you feel so refreshed when you drink a glass of water. And this is why the reason you die when you have no water. You have no point of conversion. You cannot deliver the energy needed in a carbon 14 structure, to the calcium for it to be able to feed the star of it, to feed, to convert energy into the cell for it to survive.

This is the essence of the secret of the life on this planet. And this process repeats itself across the Universe. It's literally like, you're a farmer. You grow the carrots, you grow the potatoes. Maybe you have a cow, maybe you have a pig, you get the milk and the meat. But you need other things to cook. You go to the supermarket, you go to the market, you buy other things.

Guy sells the onion, the other things, other things to bring in. That H₂O is that onion, because the body has got everything in the house from itself, from the planet Earth. And if man understand this, and provide that hydrogen, within the structure of the oxygen, as absorber, not as energy releaser, then the secret of life for man across the Universe is guaranteed.

This is why we ran a week of feeding you. Those of you who joined us last Sunday, two weeks, 10 days ago, this week, you've been eating on the table of the Creator. But you haven't understood that. You came, ?? I smell ?? kebab and I smelled this and I smelled that. But I didn't get the energy. Because you came for the odor. You didn't come for the essence of the Creation. Many of you still eating, you haven't understood how to handle the

table of the Creation. Next week, as I said, again, from Monday to Friday, we open the table of the Creator to dine with him. But this time you bring your food and then you see what you gain. You came to take and you walk with nothing. You still starve and you still eat. You come and bring in sincerity, the combination of the fields of the Creation, you receive the food of life from the Creator. You came to steal. We're going to eat. What are we going to feed you? You didn't come to feed, what I'm going to give.

Mr. Keshe 27:53

And I set the trap for you. In the system, we put everything possible, from rice to meat to fruits, flowers, that if your romantic, red rose leaf. But you're all keen to take. Even the water you drink is there to give. If you understand the structure of life on this

planet, if you understand the process of the absorption of the energies of the Cosmos, then you understand you can create anything, because on absorption and conversion, some of these become potassium. Some of these become phosphorus and sulfur and everything else. The essence of the conversion and Creation in interaction with the fields of the body of the man, feeding itself with carbon 14 in the essence of the water, becomes in interaction with the field rays of the interaction, the elements which the man needs as plasma, to survive. Now you understand, how simple the process of the Creation in the Universe is, if we understand the true essence of it. And our doctors and our nutritionists have got no clue. The lady writes to me, We are opening a GANS company in China. Open 100. It means you haven't even understood. With release of one

knowledge in the next few weeks to the Chinese government, we feed the nation without a single food on the table. 1.4 billion is nothing. Multiplied by 1.4 billion order of magnitudes.

Mr. Keshe 29:59

When you understand the secret of Creation, you give enough fields that it creates a warmth and heat. You can swim, the depth of the ?? of the oceans of the Universe, you still survive.

Mr. Keshe 30:23

Now you understand where the technology is going, where the new system built, work on that conversion. Now, if the world scientists understand this, none of you should have cancer within one second. If the world scientists understand how this creates, in interaction with only cells of the brain of the man, there shall be no

depression, no MS, no Alzheimer's and nothing else. Because each interaction with the structure of the calcium and the Cosmic ray which comes to the brain of the man, to the head of the man, will convert to the fields of the emotion, which they create the fields, as the man does. Now you understand, why we start teaching you about Cosmic rays, why we start teaching you about the knowledge of the carbon 14. Now you understand, you don't exist even in the physicality of the man, if you do not understand how carbon 14, as the energy of the plasma, in piggybacking the hydrogen of the Universe, delivers its energies, gives the reference point to every point of Creation, for the life to exist in that point, time position. I made man in the Image of Myself. Even the Creator has a seed of Creation for itself. Now, if you understood this, if you understand

what has been said in past 20 minutes, you throw all the chemistry books, all the medical books into the rivers of the lack of knowledge of the man, of past centuries. It'll take man 1000s of years to unravel this secret. Even so simple, I have put it on the board. Now you understand why when you die, your skeleton remains, stays behind.

Mr. Keshe 32:54

It's the ability of the carbon 48. And it's the ability of the calcium 48, dictates the life. Not all your bones stays behind. Part of the bone calcium, which is in 36 and 60, will disappear. Why calcium runs to isotopes of round 60? Go to the chemistry books and read it. Because 60-65, then it can deliver directly, energy to iron, to zinc, to copper, which is the essence of life of the Creation of the man. Now you understand why you have calcium

within every cell body of the man, be it the muscle, be it the brain, be it the blood. Calcium 40, in calcium 40, in conjunction with carbon 14, is the distributor of, converter of, energy of, the Universe in the body of the man, within its own small Universe. God is Creator of all. And man converter of some. Even converts some of the rays of the Creator within it, to survive as a life of the man in itself. I am the Creator of my own, as I have created to be the Creator of. Now, man understand this. When you see another being in the Universe, you look at it. What section, what combination of the carbon 14 in a plasma condition, not atomic with neutrons and electrons in it. But as an energy pack, this creature converts and it cannot hold on, it gives something out. Can I take something from the energy it doesn't need without killing it? Then man understands the

emotion. Then man sees different lights emitting from the body. Oh, I need the red one and a pink one because this goes with the calcium in my body conversion into what I need to convert to survive. Now you understand you do not need to kill.

Mr. Keshe 35:29

Now you understand what's all this teaching is coming from and where it's going to. I didn't come here to teach you about Magravs. You're so naive. I didn't come here to teach you about GANSes. But it was the only way we could show the power of the Creation, the essence of Creation. And how you can tap into it.

Mr. Keshe 35:53

Fountain of the Youth is a dream of the man which has been hoping to understand the structure of life, as is

always you, and you always shall live. Now you got to understand. Now, as I always say, You have no choice. Get your scientists to understand this process, you change the direction of the life of the man on this planet. Throw away all your medical books and your chemistry books and your physics books. Because it's nothing but nonsense. You still cannot cure a simple cancer. You still cannot heal a simple cut. You have to wait for the destiny of the time of the body, if it receives enough.

Mr. Keshe 37:03

The knowledge of the man is even less than the knowledge of a creature which can create its own tail.

Mr. Keshe 37:17

Now you are proud you're the king of the Creation. You're the king of

stupidity of not understanding the Knowledge of the Creator, and that's all. And that's on the individual's because when we come arrogant to it, we lose the sight and this is what has kept the man from the sight.

Understanding the conversion, the process of the conversion of the fields of the Universe which comes from the Creator, into the body of the man.

Mr. Keshe 37:58

You made all these chemicals, pharmaceuticals. "Pharma-suited" for stupidity. Not for curing the man.

Mr. Keshe 38:15

Even in the systems we are developing for you, is for our people and you to understand and gain trust to move to the next step. But we make it available at the strength of the Soul of the man.

Mr. Keshe 38:44

Now, you understand, how in a very simple way, in a very childish way, I have brought you to understand the process of the Creation. The process of the conversion of the Creation into the physicality of the man.

Mr. Keshe 39:09

Mitra, bless her name, brought this knowledge. But man ignored.

Mr. Keshe 39:24

If you combine the right way the calcium with the Cosmic rays, you get the Love of Creator. The emotion of love comes from this process.

Mr. Keshe 39:45

Comes from this conversion. And the waters of this planet, has the right combination to nourish, what you call, the love of man. Now even you

understand why the Creator fell in love with Mitra, and Mitra with Earth, and through the love from each other, they led to the release of the Knowledge of the Creation. Otherwise not only man, but the Universe would have lived in the dimension of ignorance.

Mr. Keshe 40:25

Understand this process in true Essence of the Creation and conversion of the Universal fields. Then you have access to Unicos. Be ignorant of it, you die of cancer, and everything else on this planet. And the smallest fields in the Universe, will disassemble, the plasma of the body of the man.

Mr. Keshe 40:55

Now, you understand how much knowledge, is still to give you. But I still humble enough to walk amongst

you as a man, with all the pitfalls of existence.

Mr. Keshe 41:27

Understanding of the Totality of the Creation, is the job of the man. Is the job of the Soul of the man, as the body of the man is fragile.

Mr. Keshe 41:44

You move out of the gravitational magnetic field of this planet, you cannot even absorb. You have not been taught how to absorb the dimension of the fields of the Universe. Will starve you from oxygen, even while you are in the pool of it, as the water, you die.

Mr. Keshe 42:16

Even though it carries the oxygen, which you need, because your cells, your emotion, your fields in the brain of the man, has not learned about the

Cosmic rays within the water itself to use it as the absorber of energy, and survive within the water. You do not need ?? you need to understand the emotion of conversion in the brain of the man, then you survive in any position in the Universe. Depths of the oceans, to the highest mountains, coldest places in the Universe. Because you learn through your Soul and the Soul of physicality within you, how to convert the energies. When you depart from the position of the Soul of the man, and you carry that Soul of physicality energy within you, in the Universe, now, this becomes your calcium to feed within the structure of the plasma of the Soul of the man, where in the dimension of physicality, you were outside in dimension and the Soul was inside. Feeding you from inside to every cell of the calcium conversion and dimension. Now you

can see how this skill of the shape turns inside out. And both has a purpose.

Mr. Keshe 43:56

Now mankind has no choice, but come to the point of what we call, peace. Peace within itself and then peace with the rest of the Creation and the Creator.

Mr. Keshe 44:07

In so many ways, if the world of science of man understands the teaching of today, man has opened a new gate to the world of understanding and life in the Universe. Maybe, maybe one day, if man matures enough, I'll explain the life in the Universe and in the Unicos because the process in the Unicos on the gravitational magnetic fields of the Creation and life, is connected directly to the Soul of the Creator. At the moment as a man, the fields you receive is regurgitated and

chewed by so many before, before it became the body of the man's ?? Your body is not second hand and third hand, fields of the Creator. Is chewed up to the infinity of the billions. Physicality of the man is nothing but leftovers of the leftovers of many generations of Creation. And still you are so arrogant.

Mr. Keshe 45:55

Understanding the Creation, transportation of the energy fields. The load on the energy fields, is the secret of survival in every dimension of the Creation, be it on the planet, Solar System, a Galaxy, a Universe or in the Unicos.

Mr. Keshe 46:26

Then, you have access to the Soul of the Creator, if you can create yourself through your own structure, the Creation of life. In a simple language,

step by step, I have unraveled this to the scientists of the Keshe Foundation. And they are in the process of the development of the creation and conversion from the Soul of Creator to the Soul of the man, to the dimension of physicality of the man.

Mr. Keshe 47:10

Today, we have hundreds of 1000s of people, starving cold with a small earthquake in a part of Turkey, Syria and the rest. If their leaders accept the knowledge of the man, will feed the Totality within a wish.

Mr. Keshe 47:30

But man has to come to peace, not the border that one side starves and the other border with supplies. What's the difference between the blood on the imaginary line of the man? You are immature. We let you die with it.

Mr. Keshe 47:53

If you understand, every knowledge is a gift. It's the one who receives the gift, how he uses it. It's a knife which cuts on both side.

Mr. Keshe 48:18

I used to have a friend in our organization. And I've said that many times before. He refused to buy a knife to be sold in our stores. I said to him, Nat, Why? One day somebody bought a knife in one of our shops and went and killed ?? I don't want to be involved in it. I said, What about the knife the mother buys and feed that child to survive?

Mr. Keshe 48:57

It's you who has to understand, which way, which side of the knife cuts. To what purpose. As long as the man kills

shall not ?? The life, the emotion of the man should be in life of the love that it cuts and it gives. The mother, the way she cuts the fruit with love and care that the child receive the best part of the fruit, has to be the essence of the Creation of the man.

Mr. Keshe 49:26

If you understand the Totality of the conversion, then every radiation which man has not and cannot even imagine today, will be open to the mankind.

Mr. Keshe 49:50

You don't carry love in your hand. You release it as a field, as a radiation of love.

Mr. Keshe 50:05

Then mankind has to understand, even in his skull, if you open the skull, if the scientist of the man go deep into and

expand his scope, you will find different structures of the calcium, which each one connected to absorb certain field structure and radiate certain fields inside.

Mr. Keshe 50:38

When you hold the skull of the man in your hand, you carry the biggest converter of the energies of the Universe, but man has never understood. When you die, some of these, because there is no use, disappears. The only structure which leaves behind for man, is calcium 40, maybe calcium 41. In some cases, you carry calcium 46. That calcium 46 should have given man the knowledge of the Cosmic rays, but he never understood.

When you carry calcium 46 in the bone structure of the man, you have carbon 14 and carbon 12.

Mr. Keshe 51:43

You came in with 42 and 48. Reduction to absorption to release energy. Man has not even understood. Oh, his bones left behind! There was a man here. Look into the structure of that bone, and you understand the history of the Creation in the Universe. But in the level of the fields of this planet.

Mr. Keshe 52:17

Man scientists has been too busy cheating each other and the others, as they never understood.

Mr. Keshe 52:32

Understanding the process of the Creation. Understanding the limitation of the knowledge, has created mayhem

for the man. Has created many prophets, magicians, be it from Moses, to a chemist, to a biologist and the professors. Yesterday I was talking to one of the leading ambassadors in the world. Very powerful man. He said, Mehran, We have a problem with the President. I said, What's the problem? He said, You know this technology, which we're discussing regarding this and that. He said we brought top three scientists, professors from the university. And they all three rejected it.

We sat down with them say, Why? What's the reason you're rejecting this? Nothing to do with the Keshe Foundation technology. Is another field. They said if we accept this, we have to throw our books into the rivers. How am I going to be a professor? I said, Tell the president, who is the thief

of the nation. Chinese government leadership President Xi, knows this, that the reason the country cannot move forward and he still has to steal from the others, is the scientists of his own who blocking the knowledge to be transferred to the scientists, the new generation.

We saw China put those who did all the bribes, into the hanging section. They hung 50-60,000, those who took the bribe in past five or 10 years. Did this stop the bribery? Soon we'll see the Chinese government will put these scientists, that lead scientists, into prisons. For stealing, allowing the nation to go forward with the technologies. It's not that China doesn't have scientists. China has the best scientists. But these thieves, as the name of professors and the lead scientists stop it because then their

papers worth nothing because they're 40 years old.

Mr. Keshe 54:51

Is the same with the rest of the man structure of life. It's

Mr. Keshe 55:07

not that you don't understand, is that those who call themselves professors and the priests and the prophets, they're all thieves in their own shape or form, for them to have a value to the meagre brain of themselves. What's on the table? What we taught today, what we taught you last week, and in the past weeks, in how even your Soul receives energies in that conversion, should put, should create a new seed of understanding in all your Souls and physicalities. At the moment, the human race is not controlled by the banks. It's controlled by ignorance of

the scientist, professors and university professors who have no knowledge except cheating to get to that point. Half of their thesis is stolen from other scientists.

Mr. Keshe 56:21

We are in the same situation in the world of politic. Who and how they have attached religions to every parliament and Senate and everything else, that they have a say, that they can control the cheating of the church, the mosque and the rest into it. Thieves of scientists and thieves of the Soul of the man, working together, how can man progress? You will have the knowledge, you have to desiphon. Not me. And nobody else. You desiphon it according to your intelligence, you desiphon it according to what you want from that intelligence. And you create the new dimension of science. Science

of understanding the sense into interaction of the fields of the Universe and nothing else. Science means making sense and nothing else. But it has to make sense according to the world of the Creation, not to the cheat of the scientists of the past and the present, protecting a piece of paper. When my degree came from Queen Mary College, it came in a toilet roll. I refuse to go to graduation. I opened it, I saw it was certificate of degree. I took it and I stuck it under the toilet roll in the bathroom. My Mom came and said, What's this hanging there? I said, That's my degree. She said, Are you stupid? I said, Mom, has no value. Is a mans value. That's all it worth, if I don't carry the intelligence and knowledge.

Mr. Keshe 58:11

It's just a piece of paper and it worth nothing more than the toilet paper, if

the man does not carry the knowledge within it. And the knowledge to give the correct way and to accept the dimension, the process of thinking the same way.

Mr. Keshe 58:37

I understood what's on this board, 60 years ago.

Mr. Keshe 58:54

I created the first reactors 25 years ago, 20 years ago on the same basis. And it works. But I have to do things for man not call me a magician.

Mr. Keshe 59:17

Understand the process. Understand the process of the Creation. Understand the process the Creator is transferring, is now is energy to you to understand the process. Then you can use this to every advantage of the mankind. Take from it

and become gravitational. Give to it
and become magnetical. Isn't it the way
I taught you how to make your
Magravs?

Mr. Keshe 1:00:00

The knowledge is the same.

Mr. Keshe 1:00:10

It should not make a difference. The
degree came in the toilet roll and it
went where it fitted, under the toilet
roll. Cardboard box roll, exactly like a
center tube of a toilet roll. And I gave it
to my Mom. I said Mom it came in the
toilet roll, you see that's where it should
be. She sat and cried. She said, You
wasted your life. I said, No Mom, I
gained my life.

Mr. Keshe 1:00:54

Understand the process of conversion.
Understand the process of

transportation. Understand the process of transmutation. You transport physical matter, you transmute plasma energy.

Mr. Keshe 1:01:25

Then you understand where and how, and what do you want to create? How many years it took you to find out about the magic liquid in the Coca Cola bottle? It was caustic and you created nanomaterial, you created everything else. You created diamond structure on the same cup. And this stupid scientist or what I call ignorant, arrogant pedophile people of the University ?? they called it, He uses radiation. He is a terrorist.

Mr. Keshe 1:02:11

There's no, nothing in creating the most advanced fields of the radiation, anywhere in the world. But to the two

stupid Belgian scientists, it was a terrorist organization. They terrorized the Keshe technology for years, due to their ignorance.

Mr. Keshe 1:02:49

Nuclear weapons, if you understand this, are worthless. Is like you're throwing a match in the river. It's just like a sparkle. If I release this knowledge in the dimension of the nuclear plasma eternal energy of the Cosmic rays, there'll be no Earth left, let alone worrying about the nuclear bomb.

Mr. Keshe 1:03:18

In fact, as I said to the Americans on a table of discussion in Seoul in 2008, I use your own nuclear warheads to make food out of it, not to kill with it.

Mr. Keshe 1:03:55

Because you have already purified it to the level that I can use it. There is no calcium in it. There is no ?? in it. You gave me a pure, pure high level plasma, I know how to convert it. I know how to control it. With one nuclear warheads, I can feed the whole of the Galaxy, forget about the Earth.

Mr. Keshe 1:04:19

If you understand how to release that. Up to today you never understood why you drink water. What's the reason the minute you touch the water on your lips, the thirst goes. Is a rapid conversion in the vacuum body of the man, to open up the hydrogen in releasing the energy of the oxygen to become equal to the Cosmic rays that it reaches every single cell of the body of the man. Drink more!

Mr. Keshe 1:05:11

Now mankind has to move to the next level of understanding the Knowledge of Creation.

Mr. Keshe 1:05:24

Next weekend, the week after, I unravel to you the knowledge that you could not even imagine exists. The way I done last week and this week. You understand this because you came through with me with nanocoating, with the GANS making, with the Magravs and the rest of it. You housewives, pensioners, boys in the college, street cleaners, have more knowledge than the professors in MIT. In Space and in Energy.

Mr. Keshe 1:06:01

You got to understand the process of Creation, the true way, and be your own teacher. But observe the others what they have learned and don't become arrogant in what you understand. Become humble to share. Then you progress. Then you move into the next step to understand more.

Mr. Keshe 1:06:50

Then you understand why life means life in every point in the Universe, irrespective of time, place and position. There is no time when the life hasn't started. We celebrate the birth of children from the moment the day they take the first breath from the air of this planet, and we call it the birthday. We don't celebrate the day when they came to conceive to become the Soul within the womb of the mother. There they showed the essence of their Creation.

Again man dimension of physicality.
Then you understand why Children of
Mitra celebrate it from the point of
inception. Not from the point of taking
the first air. Then you celebrate that
point of that Creation. What happens if
your child is born on another planet in
interaction with another Soul from
another dimension and doesn't take air
and stays as a Soul? Does not exist.
Does not have a birthday. Does not
have a time of conception.

Mr. Keshe 1:08:34

Then you know how Children of Mitra
will be created.

Mr. Keshe 1:08:43

There is no need for an egg and a
sperm.

Mr. Keshe 1:08:51

Ask yourself a single question, if you understand the theology. Adam made Eve from his rib. Did he have an egg or a sperm? Or was it the love of the essence of the field of the Creation? And man still looks into a different dimension. This is how you create the children of the Universe in the Universe. Fields from the field of the essence of the Creation of the Earth and the fields from another essence of Creation in another position in the Universe. They become lovers. They give to each other to enjoy, the other one enjoying and from it, they create the Soul of a new Life, the children of the Universe. Sorry, the one from planet doo-doo does not carry any eggs. Or sperm. They don't have it in their Creation. So man cannot create new life in the other dimensions of the Universe because he carries the sperm or an egg?

How feeble the understanding of the man is in respect to the Creation of the Love of the Creator. Did God send the sperm or an egg to Earth for life to start?

Mr. Keshe 1:10:18

Now you understand how wrong the mentality of the Creation has been within among the human race.

Mr. Keshe 1:10:40

In Arabic, we have a beautiful word for it, to the stupidity of the man in a lack of understanding, we call it, “Astaghfirullah,” because I cannot understand it, it's something that is to do with something which is wrong.

If understand the knowledge which we have given you today, from the Love of the Creator, man will find the secret of life in every dimension of the Universe.

Mr. Keshe 1:11:23

Will take centuries, 1000s of years for man scientists to understand what you today ?? with the knowledge you were given within your Souls without the dimension of physicality. Today, you receive all your PhDs and professorships. Graduation if you understood it, from the Soul of the Universe, not from the stupidity of universities of MIT and God knows the rest.

Mr. Keshe 1:12:06

One day I'll explain to you what MIT means. Man Ignorance.

You have to look and understand the process of the Creation and which part of this process is for you to enjoy life, to contribute through it to create the next process.

Mr. Keshe 1:12:56

We go for a break. We'll come back and we'll try to solve the riddles of the Creation by the Creator. Rick, if you can take us through a break.

Rick Crammond 1:13:26

Okay. Thank you Mr Keshe.

Rick Crammond 1:13:40

Okay, this is the 475th Knowledge Seekers Workshop here on Thursday, March 2, 2023. We take a few minutes off here and be back shortly.
