Such information is not meant or intended to serve as a substitute for a healthcare professional's clinical training, experience, or judgment. For patients and individuals, such information is not to be a substitute for professional medical, therapeutic, or healthcare advice or counseling. For medical issues or concerns, including decisions about medications and other treatments, readers viewers, and listeners should always consult their physician or in serious cases, seek immediate assistance from emergency personnel. Prescription information, procedures, and use of medical device information should be undertaken only by properly trained and certified medical personnel. We specifically disclaim any warranties express or implied including implied warranties of merchantability or fitness for a particular purpose. Such information is provided as is and is believed to be accurate at the time of its publishing. But it is the viewers' job to evaluate the accuracy of any information found in this presentation. Every case presented is of their own experience applied by themselves for themselves and it applies to their case only. Every person experiencing health problems should seek professional medical advice and consult their course of treatment with a doctor. The processes of plasma balancing described herein are a natural process that supports the body but does not replace medical advice or therapies one is already subject to.

Rick Crammond 03:30

Hello everyone and welcome to the 476th Knowledge Seekers Workshop here on Thursday, March 9 2023. This is the broadcast of the Keshe Foundation Spaceship Institute, Education department and part of the public teachings in English. My name is Rick Crammond. I'll be host today. And we'll have a special workshop today that will be shorter than normal. And Mr. Keshe will explain all of that and a lot more in the following workshop. So Mr. Keshe are you ready to begin today?

Mr. Keshe 04:12

Yes, Good morning, Good day to you. As usual whenever and wherever you listen to the series of Knowledge Seekers from Keshe Foundation

Spaceship Institute. We welcome you back. Some of you are here from eating and bringing food in the past couple of weeks. And some of you are waiting to be fed more by tomorrow when we close the table. We would like to bring many of you back in the following days, maybe Monday or sometime next week, to discuss with all of you who took part in this Dining with The Creator, to analyze. We hear beautiful results some people have achieved. Other things some people have managed to do things they didn't know they can. And this is the feed back we need for you to understand and for us to complete the table of dining in the space, where you're on Mars or Moon or in Planet Zeus, and you still want the food you like, and is available to you.

The way you came to Linz and you left the fingerprint of your Soul, and now

the new systems become in a way connected to all nationalism, races, which is we could do, this was the way to bring your national foods on the table. If you are American, and you go to space, and would like Chinese food, our Chinese friends have left a fingerprint on it. So you understand everything we do has connected to and is connected to what we are doing the next step. So in that process, we have set up another session, which is with the world leaders, which is on the 24th of March, in two weeks time.

Please try to join as many as you can. This is important, the way we bring the fingerprint of peace. We seen today, in the Congress, meetings of the Chinese leadership, CPC, the Science Minister of China has opened the door for science and technology to develop in China to advance nation to be used as a

peace of tool to create peace, not to create more war. New technologies, new advancements in technologies, through the Chinese government to become a tool for peace, and not what we've seen in the West, the advancement of technology has become bigger and bigger aggression and war, selling equipments. We welcome this movement by the Chinese government, and accordingly, we have conveyed our message clearly and directly to Chinese leadership in the past few hours. We join the Chinese program to bring Technology in exchange for Peace. In my upcoming visit in next two, three weeks to China, we make sure the full technology from purification of the nuclear material to 100% purity within hours, to establishment of the new centralized system to farming, to military defense of the nation of China and South China Sea and across the

world, to bring peace, will be upgraded. And new technologies will be handed over to Chinese government, especially the Defense and Military, to make sure if what they have written in their Constitution in the last week, to bring more advanced technologies to create peace, will create that condition. Unknown technologies will be handed to the Chinese government, which will paralyze the defense technology of the West, and the rest of the world to bring everybody to position of the peace.

It's the biggest step for us. We knew we were told by this Congress, Keshe Foundation technology will become part of the work of the Chinese government. And as they have done, we are responding accordingly back. We are, we entering to delivery of nuclear material at the highest purification to any nation for

development of the space technology, not for weapon. The technology we deliver is not a weapon technology, is a space technology. Without it, you cannot go into space. On the other hand, we make sure that the nations stay safe, with the power and the condition which creates through new technology, through our collaboration with the Chinese government.

On the other hand, we are straight, for what with what we done and we are doing. And this work of 24th of the March, "Dining with the World Leaders" to bring your essence of peace, the way you brought food on the table. Now you bring peace on the table. It will affect and touch the world leaders and we'll see the changes. We expect a number of ambassadors, and we expect couple of world leaders to be present. I have asked the ambassadors

and the world leaders, if they want, because they come through hidden numbers, to introduce themselves if they want, and if they want to participate to be part of our program, part of what it is. On the other hand, we allocated in April, a "Day for Addiction". Sign in. Get people who have addictions. Instead of paying 1000s and 1000s and God knows a lifetime of suffering, to join in. We have had addiction section in the 19 session of the December, part of the Keshe Foundation and we have seen good result.

So, in a way, if one session can help you to feel what happens then other sessions can come completed, to walk you from any kind of addiction. Sex comes drugs, comes gambling, comes alcohol, come in. Join and sign people who you love to it and get them to sit

for a couple of hours with us. In a way, we bring the change in. If you look at the Keshe Foundation website, both sessions have been put up for you to sign in and come in. On the other hand, on the 24 session, the Universal Council members are assigned in to be there. It's your obligation to be there, as you carry the connection to the next step. In the Keshe Foundation website, we have released new bundles for Easter. These are to promote the Keshe Foundation products and at the same time to bring, in a way, that what is still there, and what is developed to be released.

Coming back to the teaching, in the teaching of past few weeks, we have come into massive what we call, understanding of technology beyond the present knowledge of man. In the last weeks, when we entered the carbon

14 and carbon 12 understanding, many of you were left in two dimensions, many of you could not understand what is exactly your position and how you dream and how you walk and how you become part of something which you were not aware of. In a way, you've got to realize something. When I teach, when I start teaching something, there is a reason behind it. It's opening another science and technology. In the teaching of the what we call, the past few weeks, we spoke about hydrogen which is as a plasma, not as a matter, which on its line and energy, gets a piggyback by carbon 14. Energy of the hydrogen is there.

Without carbon 14, connection is not made. Carbons are the connectors, be it in a diamond structure, be it in the body of the man in your Mr. COHN amino acid. So in that process, many of you,

you should have guessed what is to come next. This ray, this Cosmic ray, this piggyback hydrogen, which is the essence of even the essence of the source of the Creator itself, with a package of energy we call carbon 14, which actually comes from the interaction of the hydrogen itself as what we call, a field, not as a ray. In interaction and reduction with itself, creates that carbon 14. That's how carbon 14 is created. Is from interaction of the fields of the plasma of the hydrogen itself, coming into stability of the connection, carbon 14 is created. Doesn't just come from nowhere. If you look at some of the teaching, early teachings, we always explained, when the rays interact in their interaction, they become fields and this is what you get. If you understood that part, then one of the biggest mysteries of the Creation for you, should have been

resolved. Why can't you move and become another creature in another dimension in the Universe? To you, up to now has been a puzzle. To us, is understanding it, which moves that puzzle to a new dimension.

Mr. Keshe 14:14

What happens, when in the language of the man, we call it Mr COHN, which you all are very familiar with.

Mr. Keshe 14:38

You need combination of the minimum four matters to become biological. In conjunction with the field gravitational environment, you become entity, you become a muscle tissue, you become cell of a body. But the amino acid is the foundation of it. Once this amino acid attaches itself to calcium, you become a man. That calcium allows you to become created in the entity in the life

of the man on this planet. Now, you should see the connection. Now, as Knowledge Seekers, you should have become wise. You already have this and you already have this. In the combination of the amino acid, what we just talked about, if you look at it, you have the stacking. The carbon and the hydrogen, are within the system.

Rick Crammond 16:33

Hello Mr Keshe, are you still there?

Mr. Keshe 16:38

Yes, I had to accept the emergency call.
?? So, what happened, what we saw, we seen the hydrogen stays as a hydrogen. The carbon 14 changes to carbon 12, in interaction with the gravitational magnetic field of the Earth In interaction with the skull of the man with calcium, and this carbon 14, becomes embodiment of the plasma.

Again, playing the game of odor with solid structure. On Earth, because of the calcium, presence of the calcium, you need a nitrogen and an oxygen, which is gravitational fields in the dimension of the gas and liquid, to connect the amino acid to Earth and create a source of energy which is nitrogen. If, not if, you all understood this part, then it becomes very easy for you to understand this part. In going into the world of the Creation, you have the basis of life anywhere in the Universe. Now, what happens to you? Now, what is going to do when as a human life, you go up into the space, you want to go to back to the source of the light you saw as a star. You have the carbon 14. You have the hydrogen. This is the fundamental construction of life in the Universe. You want to go to Planet X and X has the storage capacity of replacing oxygen to the gravitational

field force of let's say, uranium, and has a source of the energy which has to be above uranium, which is plutonium. So, in having the line of the common denominator of the hydrogen and the connection line of the carbon, in arriving at a point, in interaction with a condition of the environment, you automatically move using your hydrogen and a carbon in a backtrack of it, into the new entity. You exchange the nitrogen and oxygen to uranium and plutonium. Now you understand why we make it available to every nation, the possibility to have access to 100% pure plutonium and uranium, that allows them to travel the span of Universe. We are not entering a military game, we are entering a space program. We are entering, understanding the process of the Creation and dimension of the travel.

Now you understand how mankind will transmute and what tools of transportation man will use. You use the hydrogen as a baseline, and carbon as a connection line to the rest of the Universe, this Universe. In the education of the Unicos, we'll teach you how these two will connect to the other universes that you can transmute from man to another universes and other dimensions. And if man become intelligent enough, he can find the path to his Creator, in one instance, one second. Now you understand the whole purpose of the teaching, why we went into Cosmic ray. Why, step by step, I explained to you last week how your body changes 14 to calcium to whatever.

If you don't have a condition of creation of the matter state of the calcium, in a given position in the Universe, you still

have that beautiful Soul, which is within you, which you brought with you. You still have that spirit, what we call, the Soul of physicality, which is an energy pack, still with you. And if in this point of the Universe, there is no what we call, matter state condition of manifestation, you manifest yourself as energy pack, as a Soul, as a plasma. If, in that position that you feel you want to be like these creatures on this planet, you have access to a spectrum of the energies, which is available to them in the atmospheric and gravitational field forces. Now your skeleton instead of being made of calcium for the plasma of the amino acids in respect to the inertia and gravitational field of time and position, now you have, let's say, whatever you like. You have iron, as part of your body or any other entity. So, your bones, your structure, in that position does not have to have a chest

and four arms and legs. In condition of the existence, in that position, when you come, you become made in a physical matter of iron, iron becomes dynamic solid, like our bones. Allows you mobility, motion and move. And what other elements with the matter state of the position you create, you manifest yourself in the dimension of the position and time. No one knows you're a foreigner, you're from another dimension. In connection with their intelligence, the way we have taught you, you came through the teachings of past few weeks, you know their language, you know their life of living as part of yours.

Information and emotions are field strength connected and you can connect to any dimension and position in the Universe. The way you connect in your dreams with your mother and you feel

her crying or laughing or cuddle you. The way in dreams, what you call you have fear, you're running away, or you have a joy having a drink in a pub. So now you understand. How did you know that fear of Mom or cry of the Mom? Because it's inherited in the body structure of the physicality of the plasma of the life of the man. This is why we explained you, you will know the children of Mitra will live in the space so easily because they're created out of the plasma. They do not need the connection of matter state to convert. This is why so many of you have problem in transmutation from United States into Linz. Your children, when they are created out of the Love of the Mitra in the dimension of the creation of plasma, don't have your problem.

You're the last generations of man who will suffer with this not trying to be

able, not being able to transmute. Still have to transport. Children of Mitra, will switch from transmutation to transportation manifestation and reverse. I did not come here to teach the man who's killing for 1000s of years and change in one go. That's your dream. It will not happen. The children of Mitra which the man will create, will come with that essence, will come with that dimension. They do not fight. They transmute. They will not stand argument. They move on in the energy dimension in another position. Or they see the point of the argument. They create energy, they give that the argument doesn't even start. You are those who see the last man standing in the dimension of physicality. And, if you understand this, if you can elevate your Soul to go beyond the dimension of physicality in the interaction of the

calcium to become a man, you will do that transmutation too.

Mr. Keshe 26:31

When we say to detach, is to detach from gravitational fields from the dimension of inertia of this planet. Not from your physicality, because you need that to be able to manifest yourself somewhere else. Now, you understand the process of transmutation. You go to an airport, you get on the plane and you go to another position. You come out of the plane, you're still Mr Jack. Here, through transmutation, you travel without the plane. In essence, in the Soul, you are Mr. Jack but in this environment, they don't speak languages. They understand emotion and you're Mr Joo Joo.

Mr. Keshe 27:30

Inside you know you are. It's the same as when you dream with your mother. From the fields, you know it's me who's feeling the love of the mother. And you created that position that the mother sees you, that talks to you. If you go to the Mom and Mom doesn't see you, how can she serve your food, Come and sit down darling. Is she crazy in dimension of the Soul and is talking to herself? Or have you manifested yourself in this dimension of the Soul in front of her, that she recognizes is my child? You have the same essence when you travel in the dimension of transmutation. Now, you see what goes through that little eye of you. The dimension of the man in dimension of physicality, and the dimension of the man in the dimension of what we call, Soul of the man.

Mr. Keshe 28:41

Now, you understand, why from the beginning of the teaching, in the medical teaching, in the health teachings and everywhere else, I spoke about schizophrenic. The beautiful people.

Mr. Keshe 29:03

What is beautiful about six of these living in one skull. Because to those in that skull, dimension of the physicality does not exist. They are there as a one bunch. They live, they exist in the dimension of the Soul and physicality, individually. Is like a neutron and proton inside an atom of calcium. Each proton has its own connection of what we call, neutron, and interaction with the others, in the dimension of the energy transfer electron. How many of these are within one skull? You have three characters. But in essence, each one of them has access to both rays of

physicality and carbon 14. One might reside inside your skull. But in fact in the dimension of physicality, lives in another dimension. It was created here, but has found no room and he has left but still has connection. Men of science will see many of these in the coming time.

Mr. Keshe 30:36

So, if you look at it, you were born even if you are the only resident in your skull, as a energy, as a schizophrenic anyway. One connected to Universal Community and one connected to man, as I said, exactly like the Chinese eyes. Which one sees what?

Mr. Keshe 31:04

Now you understand, why we come this way. Why we taught about the Cosmic rays. Why we taught, we explain about carbon 14. Why, as I

said, from the beginning of the time, when we spoke about Mr. COHN, that carbon is a connector. Connects inside the man and through carbon 14, connects to the Universe. You already have. This is the channel you go and see Mom in the dream. You travel on the carbon 14 line of your Soul. And inside the body, you speak to your brother alive on the carbon 12 line. I had a dream about the Mom last night. I traveled on the junction 14, not on junction 12. I'm telling you 12 but I saw Mom on the 14, you were not there. Mom was going somewhere else. How many times you have woken up, and you said, I saw Mom and you were there, we were having party? I have no clue. Just looks at you. You are dreaming. Because how many of you ever spoke to another person? And said, I went to see Mom. I say, Oh yeah, we

were there. Do you remember this and that? But we were both asleep.

Mr. Keshe 32:27

Now man has to understand the characteristics of his schizophrenic life. Man has to understand the dimension of his existence. Man has no choice. As I always say, You're lumbered with it. Now you understand, there are no magicians and there are no protectors of the magician. Be it the Pope or Ayatollah Khomeini of Iran, protector of the faith, faith of who? Except their own lies and imagination. As now you have the knowledge you have. You have and you don't need any protection. As the protector of you is your Soul.

Mr. Keshe 33:28

This is how the end of religions has come, that you have become aware of the truth and not us becoming a Mahdi.

Mr. Keshe 33:46

Now you understand how you as a being, have access to two lives, in the dimension of the Soul or in the dimension of physicality. Once you call a dream. Once you call reality, but in fact, you ignore the reality and you're stuck with the dream of physicality, and with all its suffering.

Mr. Keshe 34:24

Now, you have that choice, because you have access to the same line, the same thing as before. It's you who has to fill up the other two parts to be manifested in a given dimension, position and space. Your mother could

be living in the dimension of, let's say potassium or whatever and your father lives in the dimension of phosphorus somewhere else. Because their Soul, in working and developing, created the strength fields that position them in two different positions in the Universe, even though they still be communicating. How do you know that your mother who passed away 20 years ago and your father passed 10 years ago, are not in communication, and they're not worried about you children, how you're screwing up your life, as a physical dimension. Now, many times they would have said to themselves, Why didn't we, how come we cannot go back and teach them and show them the reality of their life in both dimensions?

Mr. Keshe 35:51

How many of you, which come up with this nonsense of "near death experience" and I've been to the other dimension and come back, cannot do anything? Because you didn't see anything. The completion doesn't come till the, what we call, separation is completed, because then man finishes when the mess he's created in the dimension of physicality. Those you call prophets, those who you believe, and a lot have made a lot of lies with them for a few minutes in their lives, they manage to live, to get information in the dimension of both through channel 14 to a knowledge of the Universe and the rest.

Mr. Keshe 36:53

Then, now that all of you understand this, and if you can make this connection, you're all prophets.

Mr. Keshe 37:07

There is no need for prophecy. There is need for understanding. And the knowledge of the Creation and the Creator, is a logical, physical interaction of the fields, that when you understand how they interact, you'll see the outcome. Some create emotion, some create physicality, some creates motion and the rest of it. Those who mix things and abuse it to their benefit like Moses, bring you to this mess of man today. And those who add to the lies and the cheats of their prophet like Ayatollah Khomeini of Iran, create a bigger mess and nation in the mess we see today.

Mr. Keshe 38:05

The same we see in Ukraine between the Christians from the Pope, to the church in Moscow. There is no prophecy in their work. Is profitability

in their work. What is the profit in their pocket, what do they get. And then you have the rest of the mess created their children and their supporters, who steal the rest of the nation with it. If mankind understand this, if mankind become wise to the end of the prophecy, because now he has the knowledge to be a prophet both in his pocket and his Soul by himself, none of the mayhem we see today will exist. You cannot get to that point till you have access to the energy of the higher order, that you can see, you can connect with, you can gain by, gain from and then move to the next step.

Mr. Keshe 39:14

As one of the close allies of the Iranian government told me recently, he says, The biggest nightmare of Ayatollah Khomeini, is you returning to Iran. Because they have no ground. If the

Iranian nation, if the Christians, if the Jews understand the truth about themselves, why do we need these hypocrisies, and liars and cheats and murderers?

Mr. Keshe 39:41

Now you understand how you can create a life in another dimension, by changing the amino acid of the Universe, not the amino acid of the man. And then what would you do? You want to become a plant, you want to become a shrub on this planet, you still can go through this process. You still can feel how the apple tree feels.

Mr. Keshe 40:26

You wanted to become a dog, you have the access now having this knowledge, to become that dog. To feel how a dog feels when you kick it and it loves to be

touched and kissed. When I born next time, I would like to be a cat. Why do you need to die? Now you have the knowledge, you can transmute to understand what field interaction comes that makes the emotion that creates that animal. In essence, they all have amino acid. In essence, they all interact with calcium. So what's the difference between the man and a dog, except the ignorance of the man who thinks he is higher than the dog.

Mr. Keshe 41:17

Now at least you have the knowledge to become the dog and you have the pleasure to teach the dog how to become a man. Teach him to his Soul, not kick him to his physicality. Now we understand, with the knowledge today, how you can transmute. Up to now we sold you jet fuel and ticket for jumbo jet, Airbus 380 or 747 jumbo jet or a

propeller, to get your physicality across. Now you know how to take your Soul across the Universe. How to Convert yourself into the energy and come back another position as the dimension of physicality. This is what we do with you on the table of the food of the Creator. This is what we do with you when you come to the system and we transmute you. We energy pack you.

Mr. Keshe 42:39

There is no prophecy. Is a knowledge, Science of Creation.

Mr. Keshe 42:55

It's the Totality of understanding. It's understanding everything needed to be understood by the man, and how the man meets in his own Totality, in our own understanding of everything he needs to.

Mr. Keshe 43:29

How did man get himself to this mess, it's something in the future one day I might explain. How did you as human race, got yourself in this job? In this mess. In this what I call, caboodles of misunderstanding the Totality of life in the physical dimension.

Mr. Keshe 44:07

Where did the man go? Where did the man went wrong? What happened to the man? And how did man progress to this position?

Mr. Keshe 44:36

If you understand what's on the screen, in conversion, connection, transmutation between different lives on this planet and how you connect to the life and life of the Universe, then you understand, you become a prophet.

Because you can prophesize your own destiny and nobody else's. In the world of matter state, you hold somebody's hand and you drag them with you.

We're going for lunch, you're coming. In the dimension of the Soul, you can't do that. Unless I want to come.

Gravitational magnetical positioning. I can position myself according to the will of me, and not the force of you. According to the love of me for you, and not your what we call, arrogance and bullying.

Mr. Keshe 45:56

Now you understand. The life for the man to come in space is a peaceful life. Is what is needed to be changed here for the man to be able to live in the span of the Universe. Now, the future, your destiny, is in your hand. Now you know, you need a car to go from A to B. Now you have to find and search

within you, to find the connection with the carbon 14 in your body. One of the biggest problems which you have faced, and we became like magicians for you in past few months, is that with this skull you have, with the magnetic fields of carbon 14 coming in and becoming 12, and then going 14 in different strength, you could not expand the Soul of the man fields to go out to become in touch with the carbon 14. That's all we do, in the Enhancement Units. We put you in a machine, we give you two headphone and we get this guy out of his cage. And now the rest is yours. Chill kebab, as Azar said last time, or another friend was telling me, he stopped eating chocolate since he went on the table, he sees no need for it. You go to see the grandma or you travel to the Moon and you swim in the oceans of the water underneath the surface that no man ever

knew existed. That's all we do, for you to understand you can do that.

Mr. Keshe 48:02

That's all has been the purpose of the teaching. We had to teach you the GANSES to show the body's made of the GANSES. It has fields and now the expansion of the fields brings you to our system which says, Come on guy, get out! You can do what you didn't think you can. And now you're out. You're on the tracks of carbon 14.

Mr. Keshe 48:29

And it's not a dream. Now you're in the dimension of the Souls universal energy.

Mr. Keshe 48:40

I promise you one thing. And as man you will understand. On the line of the carbon 14, either way, we have no

prophets, no Ayatollahs, no Pope, no cheaters and no Rabbis. No kings, and no one is higher than the other, except being the passenger of the Universe. All equal.

Mr. Keshe 49:17

When the time comes, we'll sit to see the judgment of the Soul of the World Leaders on their own physicality. In the next two months, we will see one of the world leaders will come to his demise. In next two or three months, we'll see he will kill himself or he will die. Because during the time of his reign, he's done so much injustice. We are not telling you this just because to say. We're telling you this because we know what the Soul has decided.

Mr. Keshe 50:00

Every cheating, every murder, everything possible, going to bed with all people for his own benefit, will come to an end. And now he has to answer to his nation. The Soul is aware of the outcome, the physicality has to accept the heart attack and the brain hemorrhage and the prison.

Mr. Keshe 50:37

Because when you live in the dimension of physicality, you don't abide by the laws of the Universe. And whoever is done wrong will come back to themselves because the Souls will balance the book.

Mr. Keshe 50:49

Now we see, how you as Knowledge Seekers, have become more knowledgeable than those who pretend they read the book.

Mr. Keshe 51:18

The problem of religions today, is that the new generation does not accept the rubbish of their churches and mosques, the Ayatollah's and Pope's and the priests. Because now, they have access to internet. They have access to everything else, that the guy who cannot even read claiming to be a priest, now the youth confront them.

Mr. Keshe 51:59

Because the knowledge is common to all. This knowledge of Creation becomes common to all.

Mr. Keshe 52:04

Many of you have started living the normal life, which is you both understand the dimension of the Soul and dimension of physicality. And gradually you're trying to adjust. What happened here. Why it happened here?

This must be the Soul. This is the Soul and this must be the physicality. I have to accept, I live with both dimensions.

Mr. Keshe 52:46

Then, sleeping and living becomes irrelevant. Because the Soul of physicality and the physicality and the brain and the Soul of the man, are in a working condition 24 hours a day. You do not even know when you're awake. You do not know when you're asleep, physically. The wife says, You've been snoring. Says, No, I was here doing the job this and that. Because now, in the dimension of the Soul of the man and the brain of the man and the physicality, is all unison's work. The body has to park itself to recuperate. While the Soul and Soul of physicality don't. Now they can openly interact. They do half of the work while you're asleep. Dimension of understanding,

now is in the hand of the man. Is you who can become, ignore it. Or is you come to embrace it and live your life. You do not need no Mahdi. You do not need no prophet. And there is no day of judgment as you judge your day.

Mr. Keshe 53:57

I'm no prophet. We are teachers of the Universe. We teach freely the knowledge, and we move on. From one school to another. Today's school is Earth. We teach. The next school, is where the Creator and the Soul of the planet, requests from us to elevate their knowledge. We are no prophets and we are no Mahdi. We are the Universal Teachers. We understand the knowledge of the Universe. As teachers we teach unconditionally. We appear in the body of the man, as the man is the only thing he accepts, otherwise it

becomes a myths again, and another light and the fire on the tree and the Resurrection and the rest of the rubbish which has gone with it, to be abused. Man allows the abuse himself. When we teach you the knowledge of the Universe, as the Universal Teachers, we are Universal Messengers. We just bring the message of knowledge, nothing else. We don't judge. We don't execute. We don't do anything. We stand the suffering the body of the Man to understand how the man suffers to stop that suffering. To enlighten the Soul to teach the physicality.

Mr. Keshe 55:39

Mahdi, Messiah, Mashiach and the rest of it, is the rubbish which the man has created for himself, to cheat the others. The only Mahdi, the only Messiah for you, is you understanding the work between your Soul and your

physicality, and nothing else. The rest have cheated you. They've cheated your forefathers. And through their ignorance, they will cheat your children if they stay ignorant. Educate your children to the best knowledge of the Creation. As Bahá'u'lláh said, Educate your daughters first. Because she teaches the child not to be ignorant. To understand the process of the Creation, as is her who spends most of the time in educating. The father is outside, hunting and gathering.

Mr. Keshe 56:52

We got to understand, we got to be able to comprehend the Totality of the whole lot.

Mr. Keshe 57:19

We have to be able to understand the Totality of the process, we have to understand the Totality of the

knowledge of the Creation and how we will come to understand the Creation has been done. How we have been created in the true Essence of the Creation. How we have become part of it. How we have chosen to become and how we have ignorant and use the ignorance of our own process, to be achieving the ignorance of the Universe.

Mr. Keshe 58:29

Mankind is ready for that change. Mankind is beginning to understand the change and mankind has the responsibility to accept the change, through knowledge, educating itself and not to be told what to be educated with and through. And this will create mayhem for you, as a human race, for yourselves and nobody else.

Mr. Keshe 59:05

Try to understand the teaching and try to become aware of the truth about yourself.

Mr. Keshe 59:21

Now you have no choice. Unless you decide to live the life of ignorance and allow Ayatollahs and Mullahs and priests and rabbis to cheat you.

Mr. Keshe 59:33

It is time to understand the connections and how you connect and how you're connected. And bring that connection to understanding of the more and not to become prejudiced about the less you know, and then you move on. Then you have no choice but to move on, because the educator and the teacher is your Soul. You cannot, unless you decide, cheat yourself.

Mr. Keshe 1:00:23

You can shoot yourself in the leg and try to run a marathon because you do it to yourself. But nobody else can shoot you in the foot and ask you to run the marathon, because they want to win.

Mr. Keshe 1:00:43

Understand the process of the Creation. Understand what everything which we have taught in past 10 years. Keshe Foundation now is in tenth year of teaching, public teaching. And then

Mr. Keshe 1:01:04

we understand what the next step is. When you listen to the teaching, when you read the books, now, look at everything in two dimensions. Dimension of the Soul. Dimension of the physicality. You will see the teaching runs parallel with both because both have the same. One is in a

dimension of the entanglement with the matter state inertia of this planet called the physical life, and one is free from that shackle. Because it has no field to match the gravity of this planet. It cannot be shackled to it. It comes and goes. Is on the line of superconductor, carbon 14. And the man has got stuck with the physicality conductor, carbon 12.

Mr. Keshe 1:02:15

Can you imagine, if you could make a transformer with carbon 14, with the knowledge of carbon 12? Can you imagine if you create a receiver and a transmitter using carbon 14, but the knowledge of carbon 12? The whole Universe will hear you.

Mr. Keshe 1:02:51

Then, can you create a combination of the carbon 14, embedded in carbon 12,

or carbon 12 embedded in carbon 14?
Then you can move the Soul to cover
the physicality or the physicality to
cover the Soul. Then you can transmute
between the two. I'm in the office in
New York. And I'm physical. I change,
I go in the dimension of the fields of
carbon 14. I'm in London in two
seconds. I'm on holiday. I don't need to
spend 18 hours in airplanes, airport,
driving to the airport and the rest of it.
But ask yourself, How I'm gonna carry
my suitcase? What about my child and
my husband wanting to come with me?
How would I go on holiday on my
own? Then you'll find consensus. Then
you'll find agreement of the Souls.
We're going to London and we're going
to enjoy ourselves. This is the address
we're all going to land so we go
together. Then no parents can drag their
child for holidays which he or she does
not want to go. Then the parents will

not have a child who does not speak because the parents have to understand the language of the Soul, teach the Soul the physicality does not need it to speak. Then there'll be no dimension of dumb and deaf. The dumbness and the deafness is the, to the man who cannot hear the dimension of the Soul.

Mr. Keshe 1:04:46

Why do we need a sign language, when we can speak with each other through the Soul? Understand the emotion. Then we all become dumb and deaf. Then no one can cheat us.

Mr. Keshe 1:05:14

The process of the knowledge, is understanding it according to your intelligence and embracing it and applying it. And when you apply it, don't make yourself ?? puzzled, but enjoy that you understood that you can

do. I didn't know I can cook, but I made a beautiful pizza. I didn't know I can sew, but that's for a beautiful dress. I didn't know I can go to my Creator, but now I do. I don't need for the Mom to come make the pizza. I don't need for Auntie to sew the clothes and I don't need Ayatollah to take me to my Creator.

Mr. Keshe 1:06:19

One of the funniest things which you will come notice, is, why religious people interfere with the politics, if their job is the connection between the Creator and the man. Because they are not what they say they are. They're businessman in the frock of the Pope. And Ayatollahs and Mullahs and priests and rabbis.

Mr. Keshe 1:06:55

We have the responsibility not to allow anything to happen to our Soul. We're responsible for not allowing nothing to happen to our physicality. And we are responsible for when we allow it to happen. But what are we going to learn from it?

Mr. Keshe 1:07:21

Our doctors today are searching for cancer people, because they think they have found the combination of solutions for cancer. Do you know what's interesting when they speak to these people? Is that they're dying and they come and still argue.

Mr. Keshe 1:07:46

If you come to the doctor to ask to help me, why do you argue? So you should have done it yourself or you know how to do what the doctor does. Or you know how to elevate the Soul that the

physicality look after itself, then you call yourself doctor.

Mr. Keshe 1:08:10

Today, cancer is resolved matter, if the man, if the knowledgeable doctors understand what a cancer is.

Mr. Keshe 1:08:25

The cancer to humanity today, are the religions and the religious leaders. And when we take those cancers out, by elevating them, the world leaders, for them to understand, man will come to live a life. You have a cancer in your body which kills you. We have a cancer in the society in the name of religions and leaders, which they kill the Society of man.

Mr. Keshe 1:09:00

Today, the reason I explained we are going into development and delivery of

the highly enriched nuclear material for space technology, is not something new. I wrote this to the head of IAEA six months ago. Iran has access to 100% enriched uranium. But it's for elevation of the Soul of the man, for man to transport across universes, not for Ayatollahs to make a bomb. As they're short sighted, they say, Oh is Iranian nuclear physicist, he's doing for his nation. I do for the nation of man. For the humanity and the citizens of this planet, but to apply it to elevate the Soul. To create the dimension of the transmutation and transportation at the same time.

Mr. Keshe 1:10:04

Try to understand. The teachings of past few weeks, connect all the lines together. Why we asked you to come in and meet us in December, in January, in February, and we fed you on the

table of the Creator for two weeks, was to elevate your Soul.

Mr. Keshe 1:10:32

Now, you ate on the table of the Creator, you come to the table of the leaders to tell them we don't need anyone to lead us except ourselves. That's your responsibility for 24th. And then the next step.

Mr. Keshe 1:10:54

You came to take but you didn't understand. You're taking from yourself, the pleasure to understand the process of the Creation.

Mr. Keshe 1:11:09

When we talked about your Soul, many jumped up and down. He's a Soul taker. No, we are there to teach you how to free your Soul, for yourselves. We don't need any. With a flick of a finger, I can

take the Soul of the Universe. Forget about humans. I remember, in discussion with Dr. Elyia Kostova. A few times she said, You know why you people come here, Because the Earth is a very good state, for you to take what you need. I said to her, You have not understood what we have come to give you, that you don't need no state and no land. We give you the Universe.

Mr. Keshe 1:12:01

It's how you have perceived and how they made you to perceive. No man should be subordinate to no creature in the Universe, let alone church or mosque, let alone synagogue or the temple.

Mr. Keshe 1:12:25

No man should be shackled in the dimension of physicality, that the Soul is imprisoned with it.

Mr. Keshe 1:12:43

Now, go back and try to understand what you had as a dream last night. What was the reason for it? Who did you see? And if you have learned the teaching well, you can have the same dream immediately or tonight. And then you say why should I have this dream again because you wanted the replay to see if you can go back to the same place as you've been before.

Mr. Keshe 1:13:15

I Made Man in the image of myself. But my image appears in trillion ways and dimensions across the Universe in other men of the Universe. Because what is the image of me in the man, is the essence of my generosity and love and nothing else. Man can be blind, legless or armless, but man cannot be heartless. To cheat his dimension of

physicality, to the dimension of the Soul of physicality, with the Soul of itself. Now, understand the technology, understand the knowledge and try to understand the fields, not the GANSeS.

Mr. Keshe 1:14:13

Today's teaching is very deep. But you as Knowledge Seekers have been taught enough to be able to swim the depth of the knowledge and don't get entangled to the physicality of the Magravs and the GANSeS and your own false imagination. I am the Messiah, but the Messiah for my Soul only. I cannot save your Souls. But I can teach you how to save yourself, if you understand it and choose the path for yourself. Not the way I came and the way I did it. Otherwise you become another monkey on the tree of the monkeyness of the Universe.

Understand the technology of the Creation. And man has a habit, that once he understand the technology, he creates the machinery for it, to be able to do it. That's what we've done in Linz for you. In a physical dimension, we have created the Enhancement Unit. In the dimension of the Soul, we allow the Soul of the man to be freed. It's you who has choose the freedom not us. We open the cage. Is you who has to be the bird who comes out of the cage and takes wing in the fields of the Universe and flies in every dimension. But the cage is open for you to come back in and live the dimension of the physicality.

Mr. Keshe 1:16:05

This image on the screen, has a lot of meaning and is, if you understood, takes the shackles of physicality from the man. Without any prophet. Without

any intermediaries and cheaters like Ayatollahs, and Mullahs and the priests. You might think I refer to them a lot today, because we're finished with them today. We don't need no intermediary, when the man now understand his connection with his Creator and the Universe. No cheating and no cheaters, unless you want to be the monkey to be cheated.

Mr. Keshe 1:16:56

Is you who decides how the Soul expands. And when you expand, you accept the expansion and understanding and interaction with the others.

Mr. Keshe 1:17:10

Thank you for today. And I hope, as Knowledge Seekers, you're seeking of the knowledge has led you to freedom from the shackles of the man. The rest is for you to find out. We are here as

teachers to teach and claim no more.
We are the same essence as the Creator.
Thank you very much for today. And as
I said, we have to go to a meeting,
important ??. And we'll come back to
normality of the teaching next week.
Thank you very much Rick.

Rick Crammond 1:17:53

Okay, thank you very much, Mr.
Keshe. That was a very important,
compact teaching today. Thank you.
Okay, this brings us to the end of our
476th Knowledge Seekers Workshop
here on Thursday, March 9, 2023. And
let me see what else we have to
announce. We have, coming up on
Monday, is the date on Monday, get my
handy calendar out. Monday the 13th,
March 13, is our public meeting for
Testimonials. It's always on the second
Monday of the month. And if you have
any experiences of the plasma

Technology, that's a great way to share it with others and let the public know about the wonders of such technology. And there'll be many Testimonials there, so people are welcome to attend. You can watch by live stream or from, from the Zoom. And that starts at 8pm Central European Time, again on Monday, March 13.

Rick Crammond 1:19:25

Then on Tuesday, Tuesday the 14th, we have the ONE NATION, ONE PLANET, ONE RACE for WORLD PEACE. And that will start at 4pm Central European Time. Okay, thanks everyone. I'll go out this time with the Flight Enhancement Spaceship Unit. And thank you everyone for attending today. And we hope to see you in the next public teaching workshop. Okay, bye for now.
